Foreign exchange was again subject to violent fluctuations as a result of the heavy gold outflow, which was increased by additional large shipments to Lon-

Bonds Are Weak.

Posted rates were only nominal, as many bankers and institutions declined to buy or sell exchange at all. Bonds were weak.

Bonds were weak.

Stocks were unloaded on an increasing scale when Austria's war declaration became known.

Blocks of 1,000 to 3,000 shares changed hands, and the whole market bent under the weight of the enormous offerings. International shares were forced down violently, selling orders pouring in from all quarters.

Canadian Pacific lost almost 9 points, and Union Pacific, Southern Pacific, Reading, Amalgamated and Smelting 3 to 5.

The sharpness of the decline brought hurried support and prices rallied, but only temporarily.

COTTON MARKETS.

NEW YORK.

NEW YORK. July 28.—The unsettled character of foreign political news, with pessimistic sentiment prevailing in early cable advices, as reflected in weaker Liverpool cables, caused active selling at the opening of the cotton market, with prices 5 to 18 points lower.

After rallying several points on continued dry and hot weather in the western belt the marked eased off again under scattered local selling and apprehension regarding the European outlook, and was later 10 to 12 points net lower on new crops.

CHICAGO.

CHICAGO. July 28.—Renewal of war tension gave the wheat market a decided lift today after a comparatively easy start. The bulls were also assisted by reports that drought had destroyed the Canadian crop all the way from Moose Jaw to Swift Current. There were advices, too, that the Russian crop would be far short of last year's total. After opening % lower to %2% advance, prices sagged all around, but then bounded upward.

sagged all around, but then bounded syward.

Corn developed strength almost from the outset. Large purchases by a leading house made shorts uneasy and led to free covering. The start, which varied from 14 lower to 12 advance, was followed by a mederate general gain.

Hadging pressure kept outs relatively weak. Price changes, however, were narrow. Int. Har. of N. J. pfd. 1163 1163 1163 1163 11634

LONDON MARKET.

LONDON. July 28.—With the Paris bourse demoralized and the war scare growing no one in the stock market here wants to absorb the offerings which are persistent from Berlin and Paris. The opening was weaker, and the temporary rally which occurred at midday was soon followed by fresh declines. The market closed flat and depressed, with prices practically at the lowest.

One small failure was announced, and others are feared at tomorrow's pay day. Consols touched 71½, recovered a half point and closed 71½. Rio Tintos showed a loss of 6 points and foreign rails and bonds were 1 to 3 lower.

The American department opened uncertain, and after a slight rally broke smartly on continental and New York selling. The close was weak. persistent from Berlin and Paris.

Closing Prices

Money and discount rates were dearer. The Bank of England transacted a large business in loans and discounts.

Paris bought \$1,500,000 of the \$5,000,000 bar gold marketed today, and will probably take the balance.

Consols for money, 71%: for account. 71%: Pennsylvania, 55; United States Steel, 584%.

Bar silver, uncertain, 24 7-16d.

Money, 2½ per cent. Discount rates, short bills and 3 months, 4a4½ per cent.

ASQUITH'S PLANS ARE **UPSET BY TRAGEDY**

An area of high barometer pressure is advancing southward from the region of Hudson bay, and it is preceded by a change to cooler weather over the north Atlantic states, the region of the great lakes and the upper Ohlo valley. The weather continues warm over the middle Mississippi valley, the plains states and the interior of the south.

There were scattered showers in the last twenty-four hours over much of the country east of the Mississippi river and the Rocky mountain region.

The indications are that the weather will be generally fair tonight and Wednesday in the states east of the Mississippi river, although showers are probable this afternoon along the middle Atlantic coast and at scattered points in the southeastern states.

Modern temperatures will prevail tonight and Wednesday over the region of the great lakes, the Ohlo valley, the middle Atlantic states and New England. No important temperature change is indicated for the southern states during the next thirty-six hours.

Rioting Breaks Out Again.

DUBLIN, July 28 .- Rioting broke out again last night, but subsided without serious results. The rumor was afloat train at the Amiens street station. A great crowd, for the most part from the slums, surrounded the station. The rioters amused themselves by stoning street cars.

Six hundred volunteers paraded through the streets, a crowd of 4,000 following them, marching in step and singing.

TO CONFER WITH PRESIDENT WILSON

New York City Democrats Want to Know Where They Stand on Patronage.

Secretary Tumulty has arranged for conference between President Wilson and New York city democratic representatives tomorrow afternoon, at which the representatives will try to find out where they stand on patronage. Representa-tive Fitzgerald of Brooklyn, chairman of the House committee on appropriations. who thinks the President should know something of how the regular democrats have been overlooked in patronage distribution, arranged the appointment and will head the delegation.

The conference will be an open, free discussion of New York conditions, and the intimations are that the New York men will ask the President to decide whether they are to be recognized or the patronage go to independents who do not co-operate with the New York organization.

that the question of patronage was not as much involved as other features of the situation, such as the interference of outsiders in the different districts.

\$110,000-Other Municipal Improvements.

Construction of a viaduct at a cost f \$110,000, to carry Benning road over he tracks of the Pennsylvania and Baltimore and Ohio railroads, may be begun next fall. Work on plans for the structure, which is authorized in the current District appropriation bill, will be started immediately in the office of the District engineer of bridges. It is estimated that two months will be required for completing the plans. Under the terms of the bill one-half the cost is to be met by the two railroad companies, whose engineers will be consulted in connection with the building of the bridge.

D. E. McCoomb, engineer of bridges, expects to complete in about two weeks specifications for the concrete arch bridge across Rock creek in line of Penn sylvania avenue. One-third of the cost f this structure, in the neighborhood of \$160,000, will be borne by the Capital Traction Company, whose cars will op-erate over the bridge.

It is contended by Mr. Thistlethwaite that this will work an injury on the Shoreham Hotel by preventing luncheon guests and others who visit the hotel from parking their vehicles adjacent to the hostelry. The parking place provided by the regulations is in Vermont avenue, between H and I streets northwest. The Commissioners suggested that the Vice President's complaint be submitted in writing, assuring Mr. Thistlethwaite that they would give it careful consideration.
